Gravity

TECNICAL FEATURES

Structure: in solid fir wood, multi-ply wood and wood fiber, padded with polyurethane foam and covered with a white fabric joined with polyester fiber. Suspension with reinforced elastic belts. Sofas and side sofas are equipped with a metal mechanism that allows each seat to be moved forward. The roll head-rest cushion is not fixed but is movable.
Padding: seat cushions are integral part of the structure and are made of non-deformable polyurethane foam of various densities, wrapped in sterilized goose feathers, mixed with polyurethane chips, divided into sections. Back cushions are completely made of goose feather.
Feet: in black ABS.
Covers: fabric version completely removable with “Pinched” stitchings. Leather version non-removable with “Raw edge” stitchings.
Important notes: to uncover the chaise longue it is necessary to unscrew and separate the armrest from the seat.
Due to the padding in goose feathers, covers will not be tight but soft and irregular. The cushions, if not fluffed up, could lose volume.
It is not recommended to use a vacuum cleaner on cushions with feather.

CARATTERISTICHE TECNICHE

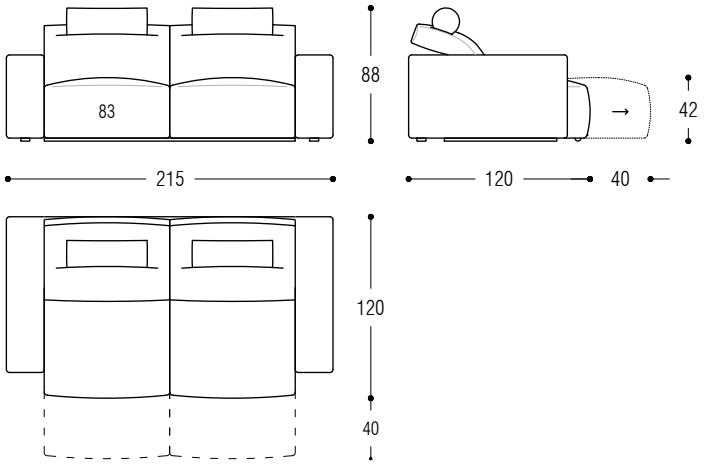

Struttura: in legno di abete, multistrato e fibra, imbottito con poliuretano espanso e rivestito da una fodera in vellutino bianco accoppiato a fibra di poliestere. Molleggio a cinghie elastiche rinforzate. I divani ed i laterali sono dotati di meccanismo in metallo per l’avanzamento dei sedili. Il rullo di sostegno cervicale non è fisso ma mobile.
Imbottiture: i cuscini di seduta sono integrati nella struttura e realizzati in poliuretano espanso indeformabile a densità differenziate, rivestiti in piuma d’oca sterilizzata, miscelata a chips di poliuretano, suddivisi in comparti. I cuscini di schienale sono completamente in piuma d’oca sterilizzata.
Piedini: in ABS nero.
Rivestimento: versione in tessuto sfoderabile con cuciture “Pizzicate”. Versione in pelle non sfoderabile con cuciture “Taglio a vivo”.
Note importanti: Per sfoderare la chaise longue è necessario svitare e separare il bracciolo dal sedile.
Per effetto della imbottitura in piuma, le fodere non potranno essere tese, bensì morbide ed irregolari. Le imbottiture, se non sprimacciate, potrebbero perdere di volume.
Si sconsiglia l’uso dell’aspirapolvere sui cuscini in piuma.

TECHNISCHE DATEN

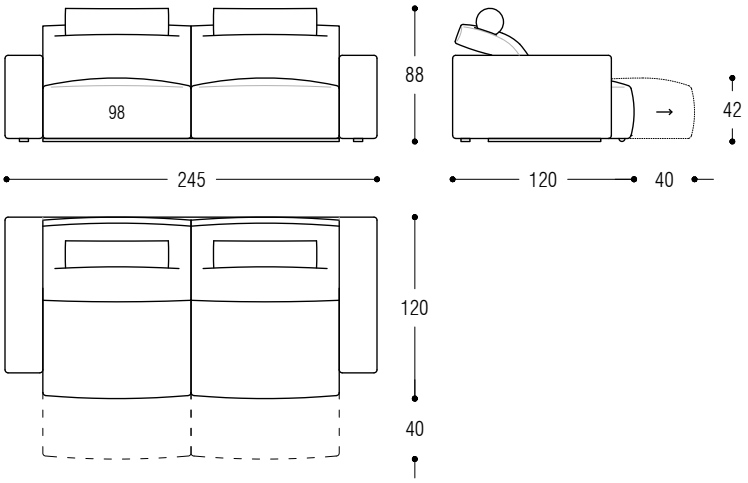

Struktur: aus Tannenholz, Schichtholz und Faserplatte, gepolstert mit Polyurethanschaum und bezug mit weißem Samt und Polyesterfasern. Unterfederung aus verstärkten elastischen Gurten. Die Sofas und die Seitenelemente sind mit einem Metallmechanism ausgestattet, der ein Vorschieben der Sitzflächen erlaubt. Das Rollkissen ist nicht fix, sondern verstellbar.
Polsterung: Die Sitzkissen sind in die Struktur integriert und aus formstabilem Polyurethanschaum verschiedener Härtegrade, komplettiert durch sterilisierten Gänsefedern, gemischt mit Polyurethan-Chips, unterteilt in Kammern. Die Rückenkissen sind zur Gänze mit sterilisierten Gänsedaunen gefüllt.
Füße: aus schwarzem ABS.
Bezug: Stoffversion komplett abziehbarer mit „Aufgestellten“ Nähten. Lederversion nicht abziehbarer mit „Geschnittenen“ Nähte.
Wichtige Hinweise: Um die Chaiselongue freizulegen, muss die Armlehne vom Sitz abgeschraubt und getrennt werden.
Durch die Federnfüllung, Bezüge sind nicht fest, sondern weich und unregelmäßig. Wenn die Polsterung nicht geschüttelt wird, kann sie an Volumen verlieren.
Wir raten davon ab, einen Staubsauger für Kissen mit Federn zu verwenden.
